Please be advised that the County of San Bernardino, Department of Public Health, Division of Environmental Health (LEA) received and approved a Report of Facility Information (RFI) amendment to the Joint Technical Document for the California Street Landfill. The LEA is certified by the California Integrated Waste Management Board to enforce state laws and regulations at solid waste sites within the County of San Bernardino, including all active and closed landfills.

Description of Project and LEA's Preliminary Determination

The California Street Landfill is located at 2151 Nevada Street, Redlands, CA 92373 northwest of the intersection of Nevada St. and Palmetto St. On May 02, 2016 the LEA received, from the City of Redlands, a Solid Waste Facility Permit (SWFP) application package to amend the JTD.

These changes include:

- Section 5.3 (Pages 163-166), Personnel and Supervision
- Section 5.4 (Pages 168-170), Landfill Equipment and Standby Equipment
- Table 5.1 (Pages 165-166), Facility Personnel
- Table 5.2 (Pages 168), Personnel Training
- Table 5.2 (Pages 169), Minimum Equipment Requirements

The LEA finds that the proposed change is consistent with all applicable certified and/or adopted CEQA documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current solid waste facilities permit. The LEA accepted the amendment on May 19, 2016
